

## LIFEBOOK T Series Convertible notebook

The LIFEBOOK T Series is more than only a notebook. While in “standard mode”, it is a fully featured powerful notebook, all you need to do is flip over the screen and it converts into a Tablet PC. Of course its active digitizer is also available while in notebook mode, so that you can profit from the pen-enabled design in all modes.

Intel® Centrino™ Mobile Technology delivers high performance and long working away from any power source. It enables simple and wireless communication.
